### Experience Certificate

It is a pleasure to write in favor of **Mohammad Imran Khan S/O Mohammad Ramzan Khan**, was working as Senior Research Fellow in the Farmers FIRST Project at College of Agriculture, Balaghat from 04<sup>th</sup> September, 2017 to 6<sup>th</sup> November, 2024 (7 Years 2 months). I have known Mohammad Imran Khan from the last seven year, and have found him to be a pleasant, disciplined and a generous person who is never afraid to take on a challenging task.

He is an intelligent, sincere and hardworking extension worker with good scientific acumen. He has a good knowledge in different areas of research and agriculture extension, which can be envisaged by his efforts in conducting successful trainings and animal health camps in the target villages. His sustained efforts in the target villages led to increased cropping intensity of the area through introduction of specific varieties of rice, Wheat, Gram, Mustard, Linseed and Green gram in the adopted cluster of villages. He also played a pivotal role in introducing back yard poultry technique and fish farming at community ponds of target villages that significantly increased the income of small and land less farmers. In addition to this, he has excellent knowledge of different works related to computer such as typing both Hindi and English, pamphlet and poster designing, report writing etc.

This unique combination of knowledge has made him an expert in the area of agriculture extension. He is amenable to adopt himself to new environment and is capable to carry out the assigned work as an efficient team member. I have always found him to have a keen desire and great enthusiasm to learn new technical advances in the scientific field.

As a person he is sober, obedient and cooperative. Based on his skills, expertise and innovative attitude, I am sure that given an opportunity, he would be an asset for any organization he joins.

I wish him all the successes in his future endeavors.

COLLEGE OF AGRICULTURE, BALAGHAT**

**Dated: 26/01/2021**

**Certificate of Appreciation**

**Dear Imran**

I would like extend my heart-felt and sincere appreciation to you for exhibiting incredible dedication, hard work, perseverance and commitment in running the college during the recent global crisis. You were instrumental in establishing the college ambitious -University's and State's first Agriculture based museum in the college campus. I truly appreciate your dedication and enthusiasm in achieving the time bound targets. You have proved yourself that you are an asset to the institution.

I once again would like to congratulate you on your achievement and wish that you will continue working with the same spirit and attitude in future also and will take our institution to greater heights of success.
